Dear Seventh Grade Teacher,

SPEAKING

Congratulations! You have just taken a first step in joining the **Grade Level Content Expectations Learning Community**. Welcome, to a growing network of educators from across the state of Michigan. The Grade Level Content Expectations are based on the latest research, the Michigan Curriculum Framework's Content Standards and Benchmarks and the Teaching, Learning, and Assessment Standards.

LISTENING

Seventh Grade Companion Documents are intended to assist you in incorporating the Grade Level Content Expectations into your curricular planning. They do not represent the full scope of your classroom instruction, but provide you with assessment targets and instructional goals. Your own expertise, use of promising practices and creativity will determine how you help your students achieve these expectations.

VIEWING

"The art of teaching is what makes the content of learning become a reality."

WHAT YOUR CHILD NEEDS
TO KNOW BY THE END OF

SEVENTH GRADE

Welcome to Our School!

This school year promises to be an exciting time for your child, filled with learning, discovery, and growth. It is also a time to share a new guide the Michigan Department of Education has developed for you. *A Parent's Guide to Grade Level Content Expectations* outlines the types of literacy and mathematics skills students should know and be able to do at the end of each grade.

Please feel free to share this guide with your family and friends. Use it when you talk with your child's teacher. Ask what *you* can do to support learning in the classroom and reinforce learning at home. You can find more ideas and tools to help you stay involved in your child's education at www.michigan.gov/mde.

A Parent's Guide to the Grade Level Content Expectations

Michigan Sets High Academic Standards – for ALL

This booklet is a part of Michigan's Mathematics and English Language Arts Grade Level Content Expectations (GLCE). It is just one in a series of tools available for schools and families. The Michigan Department of Education (MDE) provides similar booklets for families of children in kindergarten through eighth grade.

Teacher versions of the Grade Level Content Expectations are finished for grades Kindergarten through eight. They state in clear and measurable terms what students in each grade are expected to know and be able to do. They also guide the design of the state's grade level MEAP tests required in the No Child Left Behind Act (NCLB) legislation.

Educators and classroom teachers from Michigan school districts have been involved in the development and/or review of Michigan's GLCE. The expectations were designed to ensure that students receive seamless instruction, from one grade to the next, leaving no gaps in any child's education. More importantly, they set high expectations in literacy and mathematics so we can better prepare all K-12 students for the challenges they will face in a global 21st century.
